

Careers
PowerStandards

The students will:

1. Assess their personal values, interests, and strengths.
2. Compare and contrast different post-secondary options.
3. Identify the career clusters and research different career areas.
4. Prepare for the job-search process by completing a job application, resume, cover letter, and reference list.
5. Participate in a job shadow.
6. Prepare answers to interview questions.
7. Identify proper job interview dress and etiquette.
8. Identify procrastination activities and time management tips.
9. Participate in a mentoring program.
